

Pipeline/Storage Products

Valves, Instrumentation & Controls

Valves, Instrumentation & Controls

API 6D Pipeline Ball Valves in 1/2" - 56" 150# - 2500#, Threaded and Socket Weld Ball Valves in 1/4" - 4" 1500WOG - 6000WOG, API 6D Full Opening Swing Check Valves in 2" - 12" 150# - 1500#.

Convention Gate, Globe and Check Valves, Pressure Seal Valves, Through Conduit Gate Valve, Full Opening Check Valves, Bellow Seal Valves, 2" - 48" API 6D Ball Valves in 2PC, 3PC up to 1500#.

Thru Conduit Gate Valves 2" - 36" 150# - 2500# in API 6D, Cast Steel Dual Seal Expanding Plug Valves, Carbon & Stainless Bolted Bonnet Gates in API 600 Series, Carbon & Stainless Bolted Cover Full Port Swing Check Valves in 2" - 36" 150# - 2500# API 6D, Trunnion Mounted Ball Valves in API 6D up to 56" 600#

Forged and Cast Steel Gate, Globe and Check Valves

Trunnion and Floating Ball Valves from 1/2" - 56" 150# - 2500#, 1/4" - 4" 1500WOG - 6000WOG Threaded & Socketweld Floaters.

Adams Triple Offset Butterfly Valves to meet ANSI B16.10 gate face to face and Double Flange Butterfly Valves in 3" - 60" 150# - 900# ANSI. Semi Cryogenic Expander & Compressor Isolation valves.

Bypass flow control, compressor recycle, feed gas flow control, gas injection/withdrawal, heater temperature control, pipeline regulator, pressure control and separate flow control

High Performance, PFA Lined and Resilient Seated Butterfly Valves in 2" - 72" 150# - 900#

Rotork Controls – Electric, Pneumatic, Hydraulic, Direct Gas, Gas over Oil Valve Actuators

Leading manufacturer of Instrumentation Controls. Pressure Switches in Pneumatic, Differential, Hydraulic & Electric, Level Switches in Pneumatic & Electric, External Float Cages, Relays, Tattletale Indicators, Quick Exhausts, Sand Probes, Hydraulic Controllers ESD Station, Fuse Plugs, Vent Screens, Panel Accessories, Filler Tubes and Relief Valves.

Mechanical and Electromechanical Interlocks, all based around trapped key technology. Easi Drive

Portable Valve Power Unit. Flexi Drive, Remote Cable Driven Valve Operator. Product brands include: Ellis and Smith Flow Control.

Armored Gages and Magnetic Gages

Quest-Tec Solutions
The New Standard of Level

FLUIDIC TECHNIQUES Flow Pak Flow Meters, Venturi Tubes, Flow Tubes, AGA Orifice Meter Runs, Flow Nozzles

Flame Arresters, Low Pressure Safety Relief Valves (PVRV), and Tank Equipment. Pilot Operated PVRV, Combined PVRV, Pressure or Vacuum PVRV, Endurance Burning Flame Arresters, In-line and End of line Arresters (deflagration and detonation).

Side Entry Belt and Gearbox Vari-Angle Mixers for BS&W Control and Fixed Angle Mixers for blending and chemical mixing applications.

Pumps from 3 to 300,000 GPM and heads to over 2,500 feet. Helical Gear Pumps, General Purpose Vertical Inline & End Suction, Horizontal Split Case, Multi-State Split Case, Submersible Non-Clog Sewage Pumps, Regenerative Turbine Pumps. Self Priming Pumps (Interchangeable with Gorman-Rupp). American Marsh ANSI B73.1 Pumps (100% Interchangeable with the Flowserve Durco Mark III Series and Gould's 3196.) Fire Water Pump Packages to N.F.P.A Guidelines

✦ **ITT PUMPSmart** - Intelligent VFD drives designed to maximize pump performance, efficiencies, dry run protection, cavitation, and estimated flow rates of anyones pumps up to over 2000hp

✦ **ITT PROSmart** Predictive condition monitoring for all rotating equipment. Detects vibration, temperature and option speeds for proactive failure shutdowns prior to catastrophic failures.

✦ **ITT PROCast** - Aftermarket parts at ITT Foundry for ALL manufactures of pumps (excluding Gould's).

✦ **ITT PROServices** - Quality service alternatives (repair, rebuild, or re-engineer), Equipment maintenance (on or off site).

Remanufactured CONTROL VALVES

Remanufactured and guaranteed control valve and instrumentation products.

VALVE AUTOMATION SOLUTIONS & SERVICES

Custom Fabrication and Assemblies

- Specialty valve modifications
- Simple control assemblies
- Complex volume tank assemblies
- Stem Extensions, 3-Way Assemblies
- Retrofit Existing Valves with Actuators
- Emergency Shutdown and Fusible Link Fire Safety Actuators
- Locking Devices

Assembly and Test

- Each Automated Valve Completely Assembled, Calibrated and Bench Tested to Your Specification
- Completely Traceable with Stainless Steel Tag on each Assembly with your PO Number and Individual Tag Number
- Comprehensive Inventory for Quick Ship

On-Site Actuator Retro-Fit to Existing Valves

Engineering and Design

- Skid Mounted Systems for Control of Fluids and Gases
- Complete with Valves and Instrumentation
- Fully Assembled and Pressure Tested
- AutoCAD 2000 Design
- Bus Network Communication

Complete In-House Machine Shop and Fabrication

- Mounting Hardware for High and Low Temperatures
- Carbon Steel and Stainless Steel Construction

Equipment Start-Up & Field Calibration Service

- On Call 24 Hours a Day, 7 Days a Week

In-House Training Facility

- Hands-On Demos

REPAIR & SERVICE DIVISION

Mixer Repair Solutions

Baro provides in-house testing and repair of industrial fluid mixers, gear boxes and all related parts. Our repair services include a complete stock of parts, gearbox exchange and mechanical seal testing as well as mixer installation, start-up service, field service and repair, mixer rental, and "maintenance and operation" seminars.

Pump Repair Capabilities

Baro is teaming up with ITT PROService Centers which provides local trained and equipped personnel to perform all of your industrial pump repairs. ISO 9001 Certified PROService Centers have the experience and expertise not only to repair your equipment but also offering upgrades, resulting in extended run times and reduced cost to our customers. Our goal is to reduce the cost of ownership, improve reliability, and increase profitability for our customers by "Extending Equipment Life".

Factory Authorized Repair & Maintenance Center

for all your actuators, level gages, mixers, pumps and valves. Baro has a complete machine shop and fabrication facility for all your repair and maintenance needs. Baro Repair Center has certified and trained personnel to repair your products back to Factory New Condition. All repairs come standard with the Manufacturer's Warranty Policy. *Contact Us 24 Hours a day, seven days a week for repair and maintenance.*

- Level Gages & Bridle Repair
- Remanufactured Fisher Products
- Fabrication Facility
- Mixer & Gearbox Repair
- Rebowling Services
- Mixer & Agitator Repair
- Welding Center
- Valve Repacking Services

- ♦ ITT • Pipeline Services
- ♦ ITT • Field Services • Repair ALL brands of Pumps & Rotating Equipment, Vacuum Pumps, Compressors, Blowers, Fans
- ♦ ITT • Repair, Rebuild or Re-engineer
 - Upgrade older style API Pumps to today's latest API edition
 - Actuator Repair: Pneumatic, Electric, & Hydraulic
 - Butterfly, Ball & Gate Valve Repair
