Valves, Instrumentation & Controls

Valves, Instrumentation & Controls

DAMS Triple Offset Butterfly Valves and Extraction Steam Non Return Valves

ABZ VALVE ABZ Rubber & Teflon Lined Resilient Seated and Hi Performance Butterfly Valves, Gate and Globe.

EDWARD VALVES – Chrome, High Pressure, Stop Checks, Angle Y-Pattern, Pressure Seals, Piston Checks, Tilting Discs, Ball Checks (Forged and Cast Steel) Commodity, Stainless, Bellow Seals, NACE, RTJ, Extended Body

MOGAS Severe Service Metal Seated Ball Valves. Applications: High Temperature, High Pressure, Corrosive, Abrasive and Cryogenic Service. Available in all materials and ANSI & API ratings

MOGAS FlexStream™ Rotary Control Valve Solution. Reduces noise, limits velocity and vibration, exceptional high rangeability and superior control.

rotork Rotork Controls – Electric, Pneumatic, Hydraulic, Direct Gas, Gas over Oil Valve Actuators

FLOWERVE GESTRA GESTRA CONTROL VALVES AND STEAM TRAPS Energy efficient steam traps and audits. Boiler Blow Down, Feed Water Pump Bypass and Recirculation Valves, High Pressure and Process Steam Traps

VAAS Knife Gate Valves for severe service. Bottom ash, fly ash, lime slurry, coal mill isolation, pyrite hopper. Rubber Lined and urethane lined for abrasive, erosive, and corrosive medias.

Remanufactured CONTROL VALVES

Remanufactured and guaranteed control valve and instrumentation products.

SCV Pressure Seal Gate Valves, Cast Thru Conduit Gate Valves, Pressure Seal Globe Valves, API 6D Gate Valves and Check Valves, Dual Seal Expanding Plug Valves, API 6D Sub Sea Ball Valves.

SMITH Flexi Drive
Flow Control Ltd

Mechanical and Electromechanical Interlocks, all based around trapped key technology. Easi Drive Portable Valve Power Unit. Flexi Drive, Remote Cable Driven Valve Operator. Product brands include: Ellis and Smith Flow Control.

DSI Forged and Cast Steel Gate, Globe and Check Valves

Fluidic Techniques FLUIDIC TECHNIQUES Flow Pak Flow Meters, Venturi Tubes, Flow Tubes, AGA Orifice Meter Runs, Flow Nozzles and Fluidic Techniques ASME PTC-6 Flow Nozzle Test Sections are manufactured in strict accordance with the ASME PTC-6 Code. These critical meters are used during turbine acceptance testing in power plants to measure feed water flow or condensate return flow, **Flow Measurement**.

P.B.V. Trunnion and Floating Ball Valves from 1/2" - 56" 150# - 2500#, 1/4" - 4" 1500WOG - 6000WOG Threaded & Socketweld Floaters and 2"-12" 150-1500# 6D Full Opening Swing Check Valves. Baro stocks large bore ball valves.

A-T Controls Group Complete line of carbon steel and stainless steel ball valves in NPT, SW up to 3000psi and Flanged 150#RF-600#RF. V Port Control Valves. Complete line of Pneumatic Spring Return/Double Acting Actuators, Stainless Steel Actuators, Fail Safe Electric Actuators and Standard Electric Actuators.

TYPE K Damper Drives to control position of damper. Fired Heaters, Furnaces, Tangential Fired Boilers

K-TORK Quarter Turn, Precise Positioning Pneumatic Vane Actuators, High Cycle Applications.

genuine BINDICATOR Roto-Bindicator Level Switch, Capacitance, Ultrasonic Point Level and Non Contact Continuous Level

QTS QUEST-TEC SOLUTIONS – DIRECT AND INDIRECT BOILER TRIM Armored level Gages, Electronic Water Level Measurement and Control up to 3000psi, High Integrity Upgrade Probe Kits available on most competitors, Boiler Flat Glass gages from 300psi – 3000psi, Boiler Controls, Water, Chemical and Fuel Oil Storage Level, Feed Water Heater Level, Screen House Water Level

Magtech Magnetic liquid level gauges. Magnetostrictive continuous liquid level transmitters & multi-point float level switches and Guided Wave Radar Transmitters with Bridle Bypass Chambers.

USA INDUSTRIES, INC. USA Industries: Snap-it Plugs Providing Condenser Tube Plugs, Heat Exchanger Tube Plugs, Boiler Tube Plugs, Blind Flanges, Paddle Blinds, Spectacle Blinds and Office Plates. Manufacturer of the famous "Snap It" plug.

Mogas Valves & Automation Packages

Engineered Solutions for Industry

VALVE AUTOMATION SOLUTIONS & SERVICES

Custom Fabrication and Assemblies

- Specialty valve modifications
- Simple control assemblies
- Complex volume tank assemblies
- Stem Extensions, 3-Way Assemblies
- Retrofit Existing Valves with Actuators
- Emergency Shutdown and Fusible Link Fire Safety Actuators
- Locking Devices

Assembly and Test

- Each Automated Valve Completely Assembled, Calibrated and Bench Tested to Your Specification
- Completely Traceable with Stainless Steel Tag on each Assembly with CII File Number, Your PO Number and Individual Tag Number
- Comprehensive Inventory for Quick Ship

On-Site Actuator Retro-Fit to Existing Valves

Engineering and Design

- Skid Mounted Systems for Control of Fluids and Gases
- Complete with Valves and Instrumentation
- Fully Assembled and Pressure Tested
- AutoCAD 2000 Design
- Bus Network Communication

Complete In-House Machine Shop and Fabrication

- Mounting Hardware for High and Low Temperatures
- Carbon Steel and Stainless Steel Construction

Equipment Start-Up & Field Calibration Service

- On Call 24 Hours a Day, 7 Days a Week

In-House Training Facility

- Hands-On Demos

ASME PTC-6 Flow Nozzle Test Section

Extraction Steam Applications for Isolation and Check

Factory Authorized Repair & Maintenance Center for all your actuators, level gages, mixers, pumps and valves. Baro has a complete machine shop and fabrication facility for all your repair and maintenance needs. Baro Repair Center has certified and trained personnel to repair your products back to Factory New Condition. All repairs come standard with the Manufacturer's Warranty Policy. *Contact Us 24 Hours a day, seven days a week for repair and maintenance.*

- Level Gages & Bridle Repair
- Remanufactured Fisher Products
- Fabrication Facility
- Mixer & Gearbox Repair
- Rebowling Services
- Mixer & Agitator Repair
- Welding Center
- Valve Repacking Services
- Pipeline Services
- Field Services

- ♦ ITT • Repair ALL brands of Pumps & Rotating Equipment, Vacuum Pumps, Compressors, Blowers, Fans
- ♦ ITT • Repair, Rebuild or Re-engineer
- ♦ ITT • Upgrade older style API Pumps to today's latest API edition
- Actuator Repair: Pneumatic, Electric, & Hydraulic
- Butterfly, Ball & Gate Valve Repair
- Soot Blower Repair
